McArthur Skincare

THERAPEUTIC RANGE

WHAT WE REFUSE TO USE:

- NO Parabens
- NO Petrochemicals
- NO Added Sulphates

McArthur Skincare developed its own unique Pawpaw extract – McArthur Pawpaw Extract™ which is in all our products. Our therapeutic creams also contain concentrated extracts of Chickweed, Arnica, Aloe Vera and Chamomile, traditionally used in herbal medicine, which ingredients provide the therapeutic benefits associated with these creams.

Arthritis Cream

Contains the active natural ingredients Aloe Vera, and Arnica which is traditionally used in herbal medicine for the relief of mild arthritis.

Muscle Aches & Pain Cream

Contains the active natural ingredients Aloe Vera, and Arnica which is traditionally used in herbal medicine for the relief of mild pain in muscles and joints.

Eczema Cream

Contains the active natural ingredients Chamomile, and Chickweed which is traditionally used in herbal medicine for the relief of itchy, irritated and inflamed skin associated with mild eczema.

Psoriasis, Dermatitis and Rashes Cream

Contains the active natural ingredients Aloe Vera, and Chickweed which is traditionally used in herbal medicine for the relief of itchy, irritated and dry skin associated with mild psoriasis, dermatitis and rashes.

Wounds & Burns Cream

Contains the active natural ingredient Aloe Vera traditionally used in herbal medicine in the healing of minor wounds, burns and sunburn.

Always read the label. Use only as directed. If symptoms persist see your healthcare professional.
